

ADAS Camera

Hero-C60S0A7-2M

Howen A7 ADAS camera, Advanced Driving Assisting System camera, supported by a high dynamic range camera and specialized algorithm senses the vehicle's surroundings and transform road conditions into voice reminders and alarms, enabling drivers to take proactive actions and reduce potential risks occurred on the road.

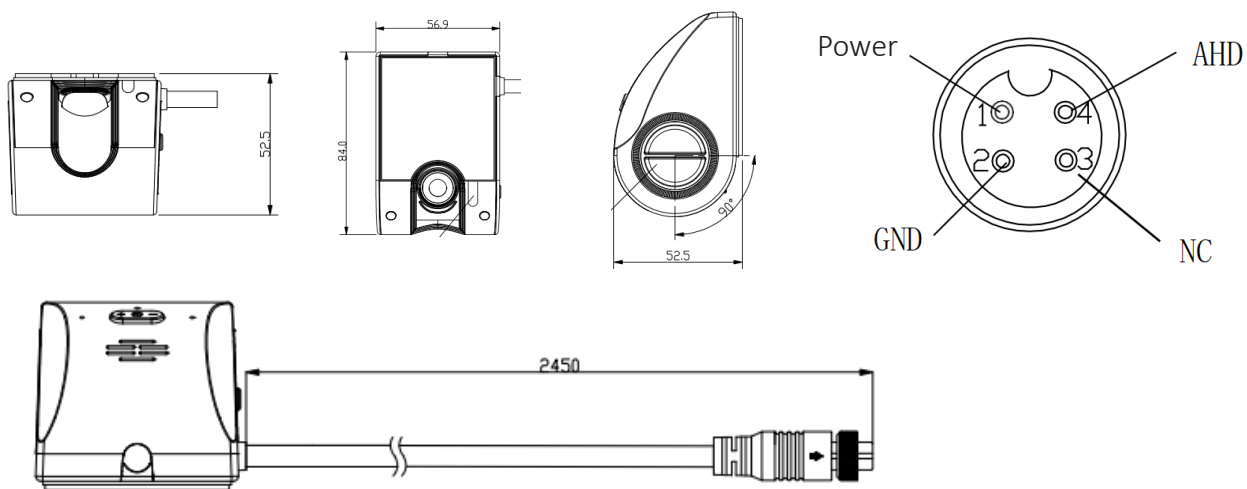

Features

- Video output 1920*1080
- 6mm Lens
- 4Pin aviation head interface
- Cable length 2.5m

Specification

Model	Hero-C60S0A7-2M
Focus	6mm
FOV	DFOV:60 ° HFOV:52° VFOV:29 °
Image mode	Color mode (IR not supported)
Dynamic Range	83dB
Signal-to-Noise Ratio	38dB
Video output signal	AHD
Resolution	1920*1080P
Frame rate	25fps/30fps
Video Format	PAL/NTSC
Interface	4 Pin Aviation Female Connector
Operating Voltage	DC12V
Working current	40mA
Power consumption	0.46W
Operating temperature	-20°C ~+70°C
Storage temperature	-25°C ~+80°C
Cable length	2.5m
Net weight	174g

Dimensions (Unit: mm)
