

DMS Camera

Hero-C60S0D7-1MR

Howen D7 DMS camera, Driver Monitoring System (DMS) camera, provides a real-time evaluation of the presence and the state of the driver. It can deliver accurate detections on fatigue, distraction, smoking and different bad driving behaviors affecting the safety of driving.

Features

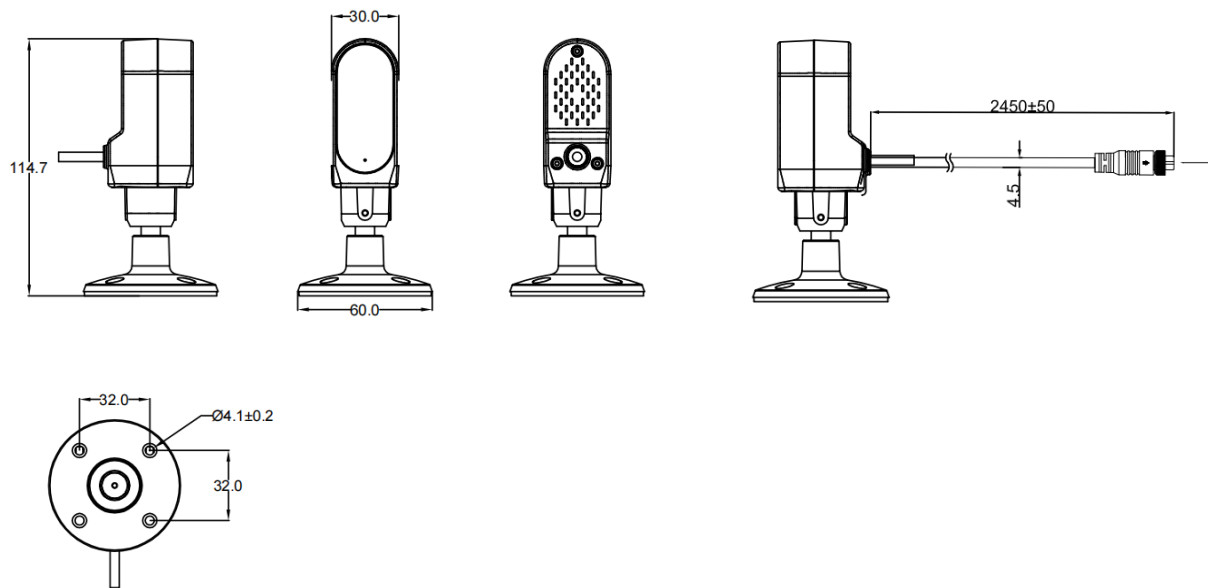

- Video output 1280*720P
- 6mm Lens
- 4Pin aviation head interface
- Cable length 2.5m

Specification

Model	Hero-C60S0D7-1MR
Sensor	100W CMOS Sensor
Focus	6mm
Focusing distance	0.8m
FOV	DFOV=65° HFOV=58° VFOV=32°
Image mode	Black and White Mode
Video output signal	AHD
Resolution	1280*720P
Frame rate	25fps/30fps
Video Format	PAL/NTSC
Interface	4 Pin Aviation Female Connector
Operating Voltage	DC12V
Power consumption	0.84W
Operating temperature	-20°C ~+70°C
Storage temperature	-25°C ~+80°C
Cable length	2.5m
Net weight	215g

Dimensions (Unit: mm)
