

TH100

Temperature & Humidity Sensor

 Standart 1-Wire Interface

 Supply Voltage: 4.0-5.5 V

 -30 °C to +80 °C

AT100

Temperature Sensor

 Standart 1-Wire Interface

 Supply Voltage: 3.0-5.5 V

 -55 °C to +125 °C

Efficient and precise monitoring with 1-Wire sensors for IoT, automation, and industrial applications. Supports low power, long-distance transmission, and easy integration for reliable environmental tracking.
